

Lake Vinuela, 21K/4H

Suggested starting point: Parking next to hotel La Vinuela. The lake is man-made reservoir with several picnic areas and has a magnificent backdrop, La Maroma (2068m), the highest mountain in Axarquia. It is an easy and flat walk with beautiful views over the lake and the surrounding mountain tops. The only drawback is that 3K in the end is along the main road (A-356) which unfortunately can't be avoided.
