Suggested starting point: Parking place outside Hostal Los Naranjos.

The walk starts from the Hostal Los Naranjos, which is a perfect place to stay for a couple of nights. It is also a very convenient starting point for several of the walks in the Lacrin Valley. The Hostal has a good restaurant and half pension is a price worthy alternative for the stay.

The walk starts in the town Restobal 700m along the main road and follows Río Dúrcal o Ízbor up to Cónchal. The views are magnificent and the path is mostly in good condition however not very well marked. In Cónchal there is only one restaurant La Huertecilla suitable for lunch or refreshments.
